Dear members

A happy 2022 camping to everyone.

2021 has brought its own challenges, but as a Club, and with your support, we have been able to enjoy a year full of feeling free, embracing the great outdoors, and getting back to what we love most.

Representatives to the Region consulted with their members regarding the format of the Handbook and the consensus was that we should revert back to having details printed from January to December. (So here we are).

All being well our camping weekends and THSs will be able to carry on as we have done in 2021.

It has been my pleasure to present Region Certificates of Honour to Andy Window and Roger and Jean Bedford.

A big thankyou to everyone who has contributed and to those who have compiled this Handbook.

A new year makes one think of the coming months and new adventures.

Keep safe.

John Cox
